SECOND OFFER :

54 bids were received for development of 7 medium sized fields and 14 small sized fields. Government of India has approved award of contract for one medium sized field Ratna-R-Series to M/s. Essar Oil India Ltd., India, and Premier Oil Pacific of U.K. Bids for 4 medium sized fields were rejected as these were not found upto the mark. The remaining bids are under consideration of Government and expected to be finalised shortly.

The medium-sized fields would be developed through joint ventures between Oil & Natural Gas Corporation Ltd. (ONGCL)/Oil India Limited (OIL) on the one hand and the private companies on the other. ONGC or OIL, as the case may be, have a 40% share in the venture. The small-sized fields would be developed by companies on their own, with no participation by ONGC/ OIL, under production sharing contracts signed by the companies with the Government of India. In both case, companies would also be required to bear their share of statutory levies like royalty, cess, etfc. Foreign companies involved in oil exploration would be levied income-tax at a fixed rate of 50% while Indian companies would be governed by the relevant provisions of the Income-tax. In addition private companies would share profit oil with the Government.

Infrastructural Facilities in Bihar

4174. SHRI CHITRASEN SINKU : Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state :

(a) whether the industrialists are not keen to set up industries in Bihar due to lack of basic infrastructure facilities in the State;

(b) if so, the details thereof; and

(c) the effective steps being taken in this regard?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION AND MINISTER OF STATE OF THE MINISTRY OF SCIENCE AND TECHNOLOGY (SHRI YOGINDER K. ALAGH) : (a) to (c). The industrial development of a State which includes formulating appropriate policies and programmes for developing industrial infrastructure is primarily the responsibility of the concerned State Governments. The Central Government helps the States including Bihar in this regard by way of transfer of resources under the revised Gadgil-Mukherjee formula, invests in the Central sector projects including infrastructure related ones, and sponsors schemes and programmes particularly for developing infrastructure in the industrially backward areas of the States.

The total allocation of Central assistance (net) to Bihar during the period 1992-96 is given below :

	(Rs. crores)
1992-93	774.26
1993-94	870.00
1994-95	947.31
1995-96	1056.90

With a view to promoting industrialisation of the backward areas in the country, the Government in June 1988 announced the Growth Centre Scheme. These Growth Centres, developed in an area of 400-800 hectares each, would have basic infrastructural facilities like power, telecommunication, water and banking to attract industries. Each such centre would be developed at the cost of Rs.25-30 crore and would be jointly funded by the Centre/State and financial institutions and market borrowings. The location of growth centre to the States has been made on a combined criteria of population, area and the extent of industrial backwardness.

The Department of Industrial Policy and Promotion is formulating a revised funding pattern for the Growth Centre Scheme proposing that the entire requirement of Rs.30 crore per centre would be funded equally
